# THE COURSES

## THE NEST

The Nest is a Par 3, 10-hole routing perched on the highest point of Cabot Cliffs, affording some of the best views on property. The goal of this course is to offer the excitement and thrills of a traditional golf round, but one that can be played with a handful of clubs in a fraction of the time. Anticipate interesting greens, with short grass surrounds and the same style of rustic, rugged bunkers that are found throughout Cabot Links and Cabot Cliffs. Whether it's the quest for that elusive ace, the chasing of daylight during the late-fall days or a travel day that leaves you aching to stretch your legs, the short course is the fix for all of it.

## CABOT LINKS

Never is the game of golf more appealing than when a course is set in a rugged, oceanfront landscape, on linksland running firm and fast. This is Cabot Links, where the holes spread out between the sea and the village of Inverness. Where every hole offers an ocean view and where five holes play directly adjacent to the beach. This is the first authentic links in Canada, and one of the world's greatest courses. This is Cabot Links

## CABOT CLIFFS

Exquisitely carved out of the breathtaking Cape Breton landscape, with postcard-worthy panoramas vying for your attention and rich, rolling fairways waiting to reward your creativity, this is linksland golf at its best. Lose yourself in a place that is off the beaten path and far from the expected. The most beautiful game on Earth, set against a backdrop only Mother Nature can provide.
